Authored by wealth management expert Anthony Scaramucci, and providing a comprehensive overview of this shadowy corner of high finance, the book is written in a straightforward and entertaining style. Now with new commentary, author Steve Drobny takes you even further into the hedge fund industry. My was to understand what these "creatures" are what strategies are they using.

Refreshandtry.Scaramucciprovidesacomprehensiveintroductionthatwil Hedge Fund Market Wizards By: With the major banks now shutting down prop trading desks hedge funds have the chance to grow by attracting banks money. Explains why the future of hedge funds lies in their ability to provide greater transparency and access in order to attract investors The Little Book of Hedge Funds (Little Books. Big Profits) put off because they do not understand how they work Shows that hedge funds have grown in both size and importance in the investment community and why individual investors need to be aware of their activities Demystifies hedge fund myths, by analyzing the infamous 2 and 20 performance fee and addressing claims that there is an increased risk in investing in hedge funds Explores a variety of financial instruments—including leverage, short selling and hedging—that hedge funds use to reduce risk, enhance returns, and minimize correlation with equity and bond markets Written to provide novice investors, experienced financiers, and financial institutions with the tools and information needed to invest in hedge funds, this book is a must read for anyone with outstanding questions

about this key part of the twenty-first century economy.
