For it would take less than a second to tumble through his deploying main parachute, and—quite likely—right into Chuck. This was the same part of me, in fact, that had made me so homesick for the skies as a kid.

The part of the brain that controls thought and emotion—and in essence makes us who we are. But when his brain completely shut down, he experienced a very deep entry into Oneness, and was miraculously brought back to life, not by medical intervention - they had given up and were ready to pull the plug - but by Divine intervention. The instant I saw the pilot chute, my arms flew to my sides and I straightened my body into a head dive, bending ever so slightly at the hips.

Thanks for telling us about the problem. Alexander's years of experience and it is a gift to a humanity that is struggling under the weight of its own ambitions, greed, and fear in an increasingly uncertain world.
