Indeed, there was a great deal of debate in the Middle Ages about how a knight or man-at-arms should behave. If I were to voice one criticism, it would be that, although Taylor discusses the complicated issue of routiers and their relationship with and role in chivalric ideology, his treatment of this issue is never quite to the satisfaction of this reviewer. Related articles in Google Scholar.

In this chapter, Taylor touches upon the possibility of doing emotional history. Textbook lists of ideal qualities – largesse, courtliness, prowess, service to ladies and the like – are not so much wrong as inadequate. While written sources discuss these issues, they are difficult to use in historical analyses and they are very much dependent on conventions and literary stylings.
