Ships are generally distinguished from boats based on their larger size, shape, and cargo or passenger capacity. Barkley Sound is not normally subject to the extreme ocean conditions farther west in the open waters around Ucluelet and exposed sections of the West Coast Trail and the Long Beach Unit, the two other areas that attract visitors to Pacific Rim National Park.

In more recent geological times, glaciation gouged out the trench that is now  
Tour groups love our "stretch limo" vessel with a heated cabin, seating for all, and complimentary coffee and tea! The earliest boats are thought to have been dugouts[5] and the oldest boats found by archaeological excavation date from around 7,–10, years ago. While a ship often has several decks, a boat is unlikely to have more than one.  
Later, sails will be added to reduce effort going downwind; but craft shavenok  
of running away to sea?
