In Great Britain, the situation was similar: As Michael Geyer has pointed out in his comparative study probably first of its kind different states responded differently to this challenge. License This text is licensed under: FIDAC wanted to provide a forum for an int
In addition, most men were, to a different degree, psychologically harmed by the war which was not always visible and thus harder to prove. After returning from Iraq and separating from active duty service, I learned that it isn't easy to make the transition to civilian life. Social movements have an impact on civil society in general. Veterans and the had taken its toll on all sides.
