In the opening story, I share the story of the kittens that were derived of their basic animal needs of food and water for survival. The tears were coming down her face. In reviewing the list, you see that it is the exact same feelings of a spiritual moment.

The longer we wear the mask, the more we forget who we are underneath. She now writes about intergenerational trauma and does workshops for youth to stop generational trauma. It brought me back to a time when I was working at the county hospital. It will turn your world upside down and your relationships will change. Furthermore, the person experiencing these thoughts realizes that this is how as civilizations started to form, governments were created, along with rules, laws, and norms were passed down to keep peace and order. That is easy to do when you do not like .
