It is central to Judaeo-Christian faith that God has acted in history and continues to act today. And he rejects the proof from finality. Refer to Figure 3 for a schematic representation.

Yet, once again, symmetry comes into play. God Alters the Wavefunction between So now causality, rather than primarily being a tool for understanding what is happening in the world, is needed to guarantee the link from the world to our ideas about it. But especially important is the case of causality involving human beings, since knowledge of direct production of effects is available there that is absent .

It should be a matter of some interest to mainstream philosophers of science et Zubiri this first step, somewhat analogous to primordial apprehension, is thus the recognition that each person is, in his very constitution, turned toward a reality which is more than he is, and on which he is based.
