Am I ready for this guy to be Maybe Some Day guy I bring dinner to every night when he gets home from work? I'm just going to lay it right out: If there was no love attached to the action, the pain would be a little easier to bear. There are no villains. Must redeem within 90 days. But take my advice and don't spoil this book for. In the most books with triangle when you finished them you feel broken but Maybe Some Day this book there is the understanding that comes and it leaves you feeling peace!!! All Sydney thought about was how much she wants Ridge and how much she should not want Ridge. People are always know-it-all until they are in the situation themselves, and this book so much! Have a new book boyfriend Get ready mystery man, we are coming for you!
