These disorders were more severe initially in the test group than in the control group on all scales, and their use of psychiatric drugs was higher. In orthodox psychological literature, the NLP technique of Anchoring is known as Classical Conditioning, as developed years ago by Ivan Pavlov who induced dogs to salivate by ringing a bell just before feeding them, and then ringing the bell .

Germanwordsthatbeginwithn.Asareference,see: We employed neurolinguistic programming NLP principles to develop a positive self-identity in an elderly male patient in England recovering from clinical depression. None of those treated felt worse.

GroupThreeweretoldtovisualiseeachwordnoreferreretoeyeposition.Int Practitioners have contributed to that research, as for example in the study done by Lynn Timpany of Transformations NLP Consultants Ltd, New Zealand into the use of a one session hypnosis treatment for morning sickness and anxiety in 12 women who were pregnant. Anchor Point5 3.
