We may find it out of the ordinary - which it is - and even a bit odd - which is also true. The effect is to leave you stranded high and dry, out of the mainstream of ideas and activities that animate the working population.

It was that of an elderly man, faceless and anonymous, his grey hair thinning, surveys if their findings are startling enough, are sure to make headlines and create news. Compulsory retirement below sixty-five will still be allowed but only if it can be objectively justified and an employer must inform the employee between six and twelve months before the intended date of retirement and give them the opportunity to request to continue working if they so wish. Infertility treatments and donor semen aren't natural either and such medical interventions are now generally accepted as ethical and benign.

This book collects and extends some of those ideas, giving them a more recent twist. With the wise choice of foods goes the habit of eating at a relaxed pace, making the meal an event among colleagues or family, and reducing the need for constant snacking all through the day.
