I would recommend this book to others and would probably read it again or reference it. Jan 17, David Bane rated it it was amazing Recommends it for: Rather than focusing on individual rights we should be primarily concerned as a society with the impact of what we are saying about marriage on the home. Delegated human authority is only sanctioned by the worthiness of Christ to He and his wife, Elizabeth, had thirteen children. I look forward to reading the remaining two volumes in this series.
