I can't hear his voice when I read these, helped by the fact that I watched most of it. Insightful, A Blaze of Obscurity and yet a towering example of the autobiographical genre, James foregrounds everything other than himself but is still the beating heart that binds this magical book. It seems to me people fall into either of two groups - those who think James is a genius of which I am one and those who think he's a boring, old fart.
