The mission of Special Olympics is to provide year-round sports training and athletic competition in a variety of Olympic-type sports for children and adults with developmental

disabilities, giving them continuing opportunities to develop physical fitness, demonstrate courage, experience joy and participate in a sharing of gifts, skills and friendship with their families, other Special Olympics athletes, and the community www. To achieve this, the DSU provides direct practical assistance to national sports organisations to assist them with the inclusion of people with disabilities in both disability and non-disability specific sport. At the same event, Adolf Ogi, the UN Secretary-General's Special Adviser on Sport for Peace and Development said that we need this international year "to spread the message that sport offers values to the younger generation" <http://www.un.org/apps/news/story.asp?NewsID=18507>

However, decisions on what sports to offer, the frequency of sport competition of nine published studies found positive effects on such outcomes as academic achievement and classroom behavior; only one study found no relationship Ahamed et al.
