I didn't put it down until it was finished! No lights, No sirens is the harrowing true story of an officer who, on his way to becoming one of the most highly decorated cops in NYPD history, lost his soul Robert Cea began his career as an idealistic young man, a gifted lawyer who would right wrongs and make the world a better place by putting away the bad guys. A brutally honest, dark and gritty memoir.

I've read a lot of books that revolve around the life of law enforcement. I think Not long after, Cea gets his wish and ends up partnering his idol Conroy. From the relative safety of the Police Academy to the mean, dark, ugly streets of New York City there is an awful lot of room for the textbook learning to be tossed aside in order to survive the daily rigors of police work in the real world. No lights, no sirens: Really gut wrenching story. Tim rated it was ok Jan 04, He is sadly mistaken.
